Introducing the Industry's Only Self-Service, Multi-Purpose, Reloadable, Dry Chemical Fire Extinguisher.

1. **Self-Service** reduces costs by eliminating third-party service requirements, hydrostatic pressure testing, and other periodic internal inspections.
2. **Universal Design** is easy for left- and right-handed persons to operate, saving time when seconds count.
3. **Non-Pressurized** design is more reliable and safer than stored pressure extinguishers.
4. **Engineered Polymer** construction resists corrosion, impacts, and is 100% recyclable for sustainability.
5. **High Efficiency** valve assembly and nozzle improve agent discharge, knocking down fire faster and giving the user more protection.
6. **Reloading Kit** (sold separately) has everything you need to reload your Rusoh® Eliminator® fire extinguisher in minutes and put it back into service.
